

Frostbite Success

This years frostbite was huge, last weekend saw 18 boats turn up, with a depth of talent that made the racing close and exciting.

We got to try out the new carbon kite poles and boom, all successfully passing their first sail.

The event seems to be getting stronger every year at the moment and the credit should go to Phil Kelly and his team in Port Lincoln, well done guys for hosting such a great event.

The number of local boats and interest was very encouraging and it was great to see some new and young faces having a go, some giving us a bit of curry around the track.

Next month we will feature a full wrap up of the event, with one of Chis's colourful regatta reports.

Apology

In my presidents report tabled at the AGM I stated that no Largs boats competed in the state championship series.. My apologies to Steve Kretschmer and crew who sailed all races. - Snoady
